C-FVIK	Roll Out	Nov 2017
F-OMYR	Air Antilles, Pointe-à-Pitre	Dec 2019
C-FNEQ	Ashe Aircraft Enterprises Ltd., Calgary, AB	Nov 2026

History

After seven years with the French airline Air Antilles, this aircraft was acquired by Ashe Aircraft Enterprises Ltd., who brought it back to Canada, where a complete Avionics retrofit was undertaken at Rocky Mountain Aircraft, replacing the original equipment with a GARMIN G950 suite under STC SA15-76.

Upon completion of the Avionics retrofit to the GARMIN G950, Ashe Aircraft Enterprises Ltd., intends to offer the aircraft for sale or lease.

Leasing and Sales

Aircraft Leasing

As a full MRO, we can customize aircraft to meet specific requirements. So if the aircraft shown isn't exactly what you are looking for, we can reconfigure the aircraft so that it meets your needs.

Our partners, Ashe Aircraft Enterprises Ltd., and Beau Del Leasing Inc. charge a monthly base lease amount plus hourly flying fee (both variable depending on conditions of operation), and leases both start and end at the Springbank Airport, Alberta.

The aircraft are offered for dry lease only. The belief is that clients know their operations better, so while we can offer logistical, technical and spares support, clients are free to outsource their requirements at their own discretion.

Aircraft and Parts Sales

As an established AMO (Canadian MRO) and supporting our partners, Ashe Aircraft Enterprises Ltd., and Beau Del Leasing Inc. we carry a large inventory of parts, including flight controls and rotables.

We have a good working relationship with several engine, propeller and component repair stations, which we are happy to leverage to support our clients.
